DETAILED ACTION

Election/Restrictions

1. Applicant is required under 35 U.S.C. § 121 to elect a single disclosed species from the ones described below.
2. This application and pending claims 1-36 are directed to the following patentably distinct species:

A. An embodiment described with respect to FIG. 1 (the First Embodiment). The mutually exclusive characteristics for Species A is/are described in the first sentence of [0069]. Specifically, in the first embodiment the pulses are stretched after being amplified (see also the amplifier in FIG. 1 before the stretcher).

B. An embodiment described with respect to FIG. 11 (the second embodiment). The mutually exclusive characteristics for Species B is/are described in the first sentence of [0069]. Specifically, in the second embodiment the pulses are stretched before being amplified (see also the pre-amplifier in FIG. 11 after the stretcher).

3. Applicant is required under 35 U.S.C. 121 to elect a single disclosed species from the ones described above (A and B), even though this requirement is traversed. Applicant is advised that a reply to this requirement must include:

1. an identification of the species that is elected consonant with this requirement, and
2. a listing of all claims readable thereon, including any claims subsequently added.

An argument that a claim is allowable or that all claims are generic is considered nonresponsive unless accompanied by an election.

If claims are added after the election, applicant must indicate which are readable upon the elected species. M.P.E.P. § 809.02(a).

Upon the allowance of a generic claim, applicant will be entitled to consideration of claims to additional species which depend from or otherwise require all the limitations of an allowable generic claim as provided by 37 CFR 1.141.

Art Unit: 2828

Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
